

**Cleveland State University  
College of Education and Human Services  
2005-06 Faculty Resource Guide**

In keeping with the College of Education and Human Services' commitment to serve as a public resource, this Faculty Resource Guide is designed to quickly connect you with faculty experts who are prepared to provide you with information and commentary on a wide variety of educational and health-related topics that are related to their areas of study and research. In the near future, a web-based version of the guide will also be available that will further link you to faculty biographies at

<http://www.csuohio.edu/coehs/college/facultyguide/index.htm>

For your convenience, the guide is alphabetically organized by subject, specific topics related to those subjects, and faculty with expertise in those subjects. Names, phone numbers, campus offices, and e-mail addresses are likewise provided so that you can contact sources directly for interviews.

The extension for all e-mail addresses is @csuohio.edu and the area code for all phone numbers is 216. To contact a faculty member by mail, please append their name and office location to the general mailing address for the University as in the following example:

Dr. Jane Zaharias  
CSU College of Education & Human Services  
2121 Euclid Avenue, 1449 RT  
Cleveland, OH 44115-2214.

If you do not find a resource for a topic of interest or have trouble contacting a particular source, please call CSU's Department of Marketing and Public Affairs at 216-687-2290 for further assistance. Alternatively, you can also contact the College of Education & Human Services directly at 216-687-3737.
