Establish a team of **FAST** specialists that help educators in your district use formative assessment strategies to gather evidence of learning in real time and use that information to adjust instruction to keep student learning on course to the Academic Content Standards. We encourage districts to send a small team of 2 to 5 participants.

FAST participants will:

1. Understand how formative assessments fit into a balanced assessment system.
2. Master a wide variety of minute-to-minute student involved classroom assessment techniques.
3. Know how to engage in authentic data-driven decision making based on real time data.
4. Be able to employ classroom strategies that make students full partners in their own learning.
5. Be able to lead and develop formative assessment *professional learning communities* and assessment for learning *buddy systems* in their buildings/district.
6. Know how to create high quality common assessments that transform the standards into concrete agreed upon learning targets.
7. Develop a comprehensive and effective formative assessment training packet to use in their home district.

Cost per workshop participant is \$1,000 (members) or \$1,500 (non-members). This includes seven days of training, a paper and electronic binder full of ready to use materials, textbook, lunch and certificate. In addition, participants can purchase up to 4 hours of *Advanced Formative Assessment* graduate credit through CSU. The trainer is Donna Snodgrass, Ph.D. of the GCEDC. Dr. Snodgrass is also AERA's national Program Chair for *Assessment in Schools*.

Refund/Cancellation: You must cancel three (3) business days before the program in order to receive a refund. This program is subject to cancellation only if CSU is closed due to weather or other emergency, minimum enrollment is not met, or due to weather-related or personal emergency of the presenter.
