Alumni News

Jennifer Maudsley

One of our recent MSW graduates Jennifer Maudsley is a social worker at the In-Patient Palliative Care Unit in Phoenix, Arizona. She sent this message to us “My position keeps me very busy! My clients are not only acutely ill, but they also struggle with a myriad of psycho-social difficulties. I am forever grateful for my experiences at CSU in the School of Social Work, which guide my choices everyday. I know that you work tirelessly to promote the Social Work profession. One of my clients was recently featured in the local media, as I was trying to reunite him with his family from China, so I thought that you might enjoy the news footage. Please preview the news item through the links below on ABC affiliate Television, Phoenix, Arizona.

Kevinee Gilmore

August 2009 BSW graduate completed her internship in the Washington D.C. office of The United States Senator John Kerry. The Senator’s letter on Kevinee stated:

“Kevinee was a member of the Congressional Foster Youth Program. Kevinee demonstrated great initiative in my office, offering to help my legislative and administrative staff with a variety of projects entirely on her own initiative. Throughout every project, she demonstrated a positive attitude and was consistently cooperative, ready to learn and willing to follow projects through to completion.”
