Air Force- <http://www.airforce.com/>

7537 Mentor Ave, Mentor, OH 44060

Phone: 440-951-5300

Air Force officers serve in leadership, strategic, and technical roles. Applicants must be within a year of graduating with a Bachelor's degree to apply, but we also have a sponsorship program (TDSP) for computer and electrical engineering sophomores. TDSP is not ROTC but selected students earn full time active duty pay and benefits while they complete their engineering degree. TDSP selects are also guaranteed an R&D engineering role upon college graduation and completion of Officer Training School (OTS). Speak with us at the career fair to learn about the many benefits and how to apply. Currently the AF has a high demand in aviation related career fields and various STEM/Cyber fields. Regardless of your degree, pay us a visit to discuss your desire to serve America as an Air Force officer.

Karpinski Engineering- <http://www.karpinskieng.com/>

3135 Euclid Avenue, Cleveland, OH 44115

Phone: 216-391-3700

In 1983, two engineers founded an MEP engineering firm to provide better client service to the handful of firms they worked with. Today, Karpinski Engineering has a staff of more than 110 and five regional offices, and we have served hundreds of clients on thousands of projects. As the firm has grown, we've held onto our core values: excellent engineering and excellent client service. We have built on our core MEP services to include additional engineering disciplines – civil, fire protection, and technology – and an array of specialty services such as energy, commissioning, lighting design, security design, and construction administration. Our work touches both the building and infrastructure levels. We are leaders in sustainability: The first Professional Engineer to become a LEED-Accredited Professional in the State of Ohio was one of Karpinski Engineering's principals.
