March Program: Friday, March 31, 2017

TOUR OF MITCHELL'S ICE CREAM

Visit Mitchell's Kitchen & Shop in Ohio City and learn more about their hand-crafted ice cream, how Mitchell's Ice Cream was started, and the transformation of an old theatre into their Ohio City Kitchen & Shop.

Tours begin in our retail Shop and walk through the gallery space with a full view of the kitchen. While watching ice cream being made, your guide will provide samples of freshly made ice cream and freshly baked ingredients used in our ice creams! Throughout the tour you'll learn about some of the ingredients Mitchell's uses and how they've incorporated concern for the environment into everything they do.

After the tour, you will receive a complimentary FREE Scoop Certificate to enjoy anytime.

Mitchell's - What We Believe

We believe in delicious ice cream. Are some of the happiest moments from your childhood set around ice cream? Is there a better way to end dinner or a movie than with delicious ice cream? Just asking.

We believe in Cleveland. It's the only place we've ever called home. Our customers are our community; the life of Cleveland is our life. We buy from local suppliers, use local service professionals - from our carpenters to our accountant - and donate time and money to local organizations: Northeast Ohio Susan G. Komen Race For The Cure, Hospice of The Western Reserve, Cleveland Scholarship Programs, youth athletic leagues, Northeast Ohio Red Cross, Cleveland Schools, and others. We appreciate that you're buying local, too, with every scoop you order at Mitchell's!

We believe in caring for our environment. Using local ingredients and suppliers minimizes our carbon footprint, and organic and sustainable family farming result in fewer unintended environmental consequences from chemicals and waste runoff. In operating our kitchen and our shops, we strive for energy efficiency and we recycle and re-use.

We believe in Fresh, Local, Wholesome. We start with farm-fresh dairy, grass-fed and raised on family farms in the countryside of Holmes and Wayne counties an hour away. Our farmers care for their cows without the use of artificial hormones or antibiotics. We work with other local family partners like Lake Erie Creamery, Hillson Nuts, Hartzler Family Dairy, Woolf Fruit Farm, and the McDonald family maple sugarbush. These ingredients couldn't come to us any fresher, and we think you can taste this in every bite of our ice cream. In buying our coffees, chocolates, vanillas, and tropical fruits, we partner with growers and producers who are both sustainable-minded and committed to the finest quality.

As these ingredients arrive fresh in our Rocky River kitchen, we set out—one small batch at a time—to mix, cook, bake, and craft them into the most delicious and interesting ice creams you'll find anywhere, right here in and for the city we've loved all our lives.

Location: Mitchell's Ice Cream
1867 West 25th St.
(216) 861-2799

Cost: \$5.00 for the tour

Program: Tour starts at 6pm

Meal will follow at a local restaurant. Attendees will order from menu.

RSVP by Mar. 27th with Joe Yurko at

Call for Speakers

AIChE Cleveland Section is always looking for interesting and relevant speakers for its meetings. If you are interested in a specific topic or have a potential speaker for one of our monthly meetings, please contact Chuck Roe at clroe12@aol.com or (440)-684-0980. AIChE will provide your meal **FREE** when your speaker delivers a program!

AIChE Student Scholarship Endowment

AIChE does not presently have an endowment to fund scholarships for chemical engineering students attending Cleveland State University (CSU) and Case Western Reserve University (CWRU). We are investigating options based upon the amount of money that can be raised through donations from chemical engineers like you. \$25,000 endowment increments would potentially yield a perpetual \$1,000 yearly distribution to a promising student studying chemical engineering.

We would welcome donations from individuals, corporations, and sources of matching funds. Please consider donating to create a student scholarship endowment that will leave a tangible legacy for years to come. As AIChE Cleveland Section is a 501c3 nonprofit, all donations are completely tax deductible.

If you would like to donate to this project, please make your checks payable to "AIChE" and mail them to the address listed below. Or simply reply to this newsletter E-mail to request more information. Thank you for your consideration.
