

## INFORMATION FOR A NON-DEGREE GRADUATE STUDENT

A graduate non-degree student is defined by Cleveland State University as an individual who holds a baccalaureate, or a more advanced degree. This student may enroll in graduate courses at Cleveland State University without being formally admitted to a graduate degree, certificate, or licensure program.

To apply as a Non-degree Graduate Student, a completed Application for Graduate Admission Form must be completed which indicates the receipt of an earned baccalaureate degree.

Applications and further information are available during normal business hours, from the Office of Graduate Admissions, Rhodes Tower West Room 204. Students may also visit <http://www.csuohio.edu/gradcollege/admit/nondegree/overview.htm>

Non-Degree Graduate Students cannot borrow in excess of the loan borrowing limits in place for undergraduate students:

- \$23,000 for dependent students
- \$46,000 for independent students (no more than \$23,000 of this amount in undergraduate subsidized loans).

Students may view their complete student loan borrowing history at [www.nslds.ed.gov](http://www.nslds.ed.gov).
