

## College Level Examination Program (CLEP)

### Credit Equivalencies

(Updated Spring 11)

The College Level Examination Program (CLEP) is offered under the auspices of the College Entrance Examination Board. The examinations are administered through Cleveland State's Testing Center, as well as at other testing centers across the country. Students seeking credit through CLEP after completing Cleveland State or other college-level work are cautioned to determine in advance with an academic adviser whether such credit will duplicate that already earned. Transfer students who have received credit through CLEP at another institution should have the official score report sent to the Office of the University Registrar for evaluation.

Cleveland State grants credit for each examination score of 50 or above according to the table below.

A maximum of 60 credit hours from CLEP exams may count towards a CSU degree.
