

Assessment Report Narrative

Student Activities

Department of Student Life

Mission

Student Activities supports the mission of the University by promoting student engagement and student development of our diverse population through programs and activities designed for student success. Student Activities complements the academic mission of Cleveland State while enhancing students' collegiate experience beyond the Classroom. Student Activities provides a link with faculty to enhance classroom learning; plans and implements traditional events to celebrate the university community; and serves as a resource to student organizations and departments in event planning and management. Student Activities offers student engagement through: Welcome Week, Lectures, The City is Our Campus Ticket program, Chill Fest, the annual Chili Challenge, and Awards and Recognition Ceremony and much more.

Staffing

During the 2006-2007 academic year the Student Activities area was staffed by one full-time professional staff person. Each year, depending upon funding, the staff may include one or two graduate assistants, one assigned to campus events and one assigned to the City is Our Campus Ticket program. Currently we have one tuition wavier assistant assigned to Student Activities.

Goal One: Students will participate in Department of Student Life sponsored student activity events.

Outcome #1: Number attending cultural/educational events.

During this academic year we implemented a new Dinner & Dialogue lecture series to focus on educational issues or current topics that are important to our students. Through conversation students learn about Financial Management, Stress Management, Resume Writing and much more. In order to improve the quality of cultural experiences available to students, we continue to offer "The City is Our Campus program" with a significant number of students attending the free museums: the Botanical Gardens, the Museum of Natural History, the Museum of Contemporary Art, and the Western Reserve Historical Society. Thus far the number of students who have attended these venues have increased over the past academic year.

Outcome #2: Number attending social/Student Activities events.

We have increased the number of social programs that we offer to our students for the 06-07 academic year. This increase has also helped with the number of students we serve and who attend our programs. We add 4 additional programs to our schedule this year.

Goal Two: Students will report a high level of satisfaction with Department of Student Life sponsored student activity events.

Outcome #1: The mean satisfaction response of student survey respondents will be at least excellent (B grade or higher) Students continue to report their satisfaction with the programs and events that are sponsored by student life.

***See Attached Excel Spreadsheet.**

Goal Three: Students will have a valuable social and/or educational experience by attending Department of Student Life sponsored events.

Outcome #1: The mean response for educational/cultural and social events will be at least excellent (B grade or higher). This year our new Dinner and Dialogue series has increased the number of student who participate in our educational programs. ***See Attached Excel Spreadsheet.**

Action Steps for 2007-08

Students will participate in Department of Student Life sponsored student activity events.

- Plan 2-3 large scale events year for the campus community for the year (to include: Weeks of Welcome, Homecoming, Chill Fest and End of Year Events)

- Build on the current Dinner & Dialogue program to include off-campus speakers, academic –themed topics, and venues for students to visit.
- Create and implement a new marketing plan for the City is Our Campus Ticket Program.
- Create more ways for students to give feedback at each event.

Students will report a high level of satisfaction with Department of Student Life sponsored student activity events.

- Request student input regarding programming preferences and topics.
- Have a student co-chair on the Welcome Week committee, in order to reach the student body for input.
- Co-sponsor programs and events with recognized clubs and organizations on campus. Support the current programs that they present to the campus community.

Students will have a valuable social and/or educational experience by attending Department of Student Life sponsored events.

Sharing of Results with Students

The assessment results are compiled by a graduate assistant working with Student Activities in the Department of Student Life. The Coordinator of Student Activities uses these results in conjunction with the student staff to plan events for the upcoming semester/year. Large scale events, such as homecoming are planned by a university committee which includes student representation. Additionally, student organizations are encouraged to participate in DSL sponsored events (i.e. Welcome Week, Chili Challenge, etc).

Assessment Survey Statistics 2006-2007

Events (S=Social, E=Educational, *=City is Our Campus Program)

Event	Date(s)	Attendance
(a) S-Russ Parr Morning Show co-sponsorship with WENZ	Friday, August 11	300
