Fall 2010	Enrolled	1148	991	757	685	621	595	<p><b>Enrolled:</b> represents the number of cohort students enrolled as an undergraduate in a given term excluding those who have received a bachelor degree from CSU prior to the reported term.</p> <p>Graduation: We have decided to add graduation data to this table. Unlike enrollment numbers, which represent the discrete number of students enrolled in a given term, graduation numbers represent the total number of students from the cohort who have graduated up to a given point in time. Additionally, graduation data lags behind enrollment data; as such, there are typically two semesters for a given cohort which we have complete enrollment data but incomplete graduation data. In these two semesters, we do not calculate the "% Grad," "% Enrolled/Grad," or the % Stopped Out" rates.</p> <p><b>Note: Cohort Definition</b></p> <p>1) A student attending any institution of higher learning for the first time at the undergraduate level, includes students enrolled in the fall term who attended college for the first time in the prior summer term, also includes students who entered CSU with advanced standing (college credits earned before graduation from high school).</p> <p>2) By the university census date, the student has registered for 12+ credit hours in the fall semester.</p> <p>3) The student is seeking a baccalaureate degree.</p>
