

SEMINAR ANNOUNCEMENT

Introduction to Rambus Lighting and Display Technologies

Timothy A. McCollum

SPE Advanced Development and Intellectual Property
Lighting and Display Technologies
Rambus Inc.

Abstract: The talk will highlight the technology behind the lighting division of Rambus Inc. Rambus was founded in 1990 and is headquartered in Los Altos, CA. The new lighting and display technologies division was formed in December 2009 and founded on fundamental patents and technology enabling the thinnest, brightest, and most cost effective solutions for LED-based edge-lit displays and general lighting applications . The Advanced R&D Center of Rambus LDT is located in Brecksville, OH and is a state of the art optics design, testing and prototyping facility. This talk will focus on Rambus LDT as a company and Rambus LDT's optical technology.

Monday, September 20th, 2010

12:00 – 1:00 pm

Room SI 117

Pizza and refreshments will be served before the seminar.
