

SOCIETY OF PHYSICS STUDENTS (SPS) COLLOQUIUM

# Visual Recognition: Research and Development

Simon Melikian, PhD  
President/CEO Recognition Robotics, Inc.

Visual recognition is cutting edge science and technology. Having the background from CSU (Physics Department), work experience and PhD degree allowed me to figure out how to do visual recognition that is similar in the way humans do.

**WHERE**

**SI – 117**

**WHEN**

**11:55am**

**Thursday, April 5, 2007**

*Pizza served before the colloquium*
