Program Preferred:

Clinical

Experimental Research

School Psychology (Psy.S.)

Consumer/Industrial Research

As accurately as you are able to judge at this time, will you need an assistantship in order to participate in the program? yes no

Regardless of need, do you wish to be considered for a tuition grant if one is available? yes no

Optional: The following question is asked in order to aid us in carrying out our policy of trying to attract members of minority groups to our program.

Membership in a minority group? _____

Is there any special information/circumstance you would like the Admissions Committee to consider when reviewing your application?

On a separate sheet(s) of paper, please answer the questions applicable to the program of your choice. If possible, please type your answers.

For Applicants to the Clinical Program

- A. Write a brief biographical sketch stressing events or experiences you consider evidence that you will be an effective mental health professional (e.g., work experience, most important psychological learning, breadth of background, personal philosophy, etc.)
- B. What are your goals and interests as a mental health professional in psychology, and how do you anticipate the CSU program will help you reach them?

For Applicants to the School Psychology Program

- A. Write a brief biographical sketch describing factors or events that have contributed to your interest in School Psychology. What you already know about this profession, and how does that knowledge relate to your interest in the CSU program?
- B. How do you plan to use your School Psychology training after graduation? Describe your interests in working in particular settings; with particular populations; or with an emphasis on specific skills or professional interests.

For Applicants to the Experimental Research Program

- A. Write a brief biographical sketch stressing events or experiences which have led to your interests in psychological research (e.g., undergraduate courses or background, work experience, personal philosophy, etc.). What experience, if any, have you had in doing psychological research?
- B. What are your goals and particular interests as a researcher in psychology, and how do you anticipate the CSU program will help you reach them? What area or areas of research are you particularly interested in pursuing?

For Applicants to the Consumer/Industrial Research Program

- A. Write a brief sketch describing your main areas of interest within the consumer/industrial realm and any relevant experiences you have had.
- B. What are your career objectives and how do you feel that the CSU program will help you reach them?

Thank you for your time and consideration in completing these forms.
