

# HONORS PROGRAM IN PSYCHOLOGY

## NOW ACCEPTING APPLICATIONS FOR SPRING

The Honors Program is particularly appropriate for Psychology majors with strong academic records who want additional exposure to the research process. Graduation with honors in Psychology reflects a student's independence, commitment to the field, and expertise in a specialized area. Completion of the program may be advantageous to students applying to graduate or professional programs. In past years, honors students have presented their research at regional and national research conferences.

Participants in the program register for *Psychology 495: Honors Seminar* in the Spring semester, during which they develop proposals for the research that they conduct under faculty supervision during two semesters of *Psychology 497H: Senior Project*. (This Spring, Psychology 495 will meet on Tuesday and Thursday from 4:00 p.m. to 5:50 p.m.)

A minimum GPA of 3.3 is required for admission. Prerequisite courses include PSY 311 and PSY 412, but in special cases, these may be taken after admission to the program.

Application instructions are available outside the Psychology Department office (Chester Bldg. 158), or may be requested by email from the program director, Dr. Smith ([a.f.smith@csuohio.edu](mailto:a.f.smith@csuohio.edu)). Full consideration will be given to applications received by December 3.

If you have questions, or would like to talk about whether this program is for you, feel free to contact Dr. Smith on [a.f.smith@csuohio.edu](mailto:a.f.smith@csuohio.edu) or by telephone on 216-687-3723.

Interim Director: Albert F. Smith, CB 160, 216-687-3723,
