Center for Faculty Development and Leadership

Save the Dates

CFDL Faculty Workshops in Spring 2015!

Faculty Development is teachers engaging in professional development for the benefit of students and themselves.

The CSU Center for Faculty Development and Leadership (formerly CTE) offers a variety of workshops and discussions intended to help faculty at all levels of experience engage in professional development. A list of workshops for this semester appears below; more information is provided prior to each session. As in previous years, we are coordinating our scheduling with a number of other units on campus in order to reduce the number of conflicts on the professional development schedule.

In addition to the regular schedule of topics and dates, special workshops can be provided to interested groups of faculty upon request. If you would like to explore this option, please contact Dr. Cate Monaghan at 216-687-5509 or at c.monaghan@csuohio.edu. Also contact cte@csuohio.edu to register for any of the workshops.

Academic Success Series			
Title	Date	Time	Location
