Important Update to the Campus Community pic.twitter.com/VATDSWwe5l

[View on Twitter](#)

 Office of the President
CLEVELAND STATE UNIVERSITY

Dear Students, Faculty and Staff:

After learning about the tragic event yesterday, which occurred at E 93 and I-90, we decided to take the precaution to put in effect a shelter in place protocol. The protocol was initiated at 5 pm and lifted at 7:45 pm, when it was decided that there was no imminent danger to the campus community.

It should be noted that this event did not take place on or near the CSU campus. However, CSU leadership concluded that the shelter in place protocol was the appropriate action to take to insure the safety of all on campus, as did other institutions in the surrounding community. During the protocol we issued regular updates every 30 minutes to inform the campus community about the status of the incident as information became available.

For the foreseeable future, additional CSU police patrols have been implemented on campus as a further precautionary measure. We will work with local law enforcement agencies to monitor the situation and modify activities as needed.

We understand the anxiety this situation has created and encourage those who need it to take advantage of counseling and student affairs resources that are available on campus by calling [216.887.2048](tel:216.887.2048). As a precautionary measure, CSU Police encourage you to take advantage of the Viking Safety Escort Program by calling [216.687.2020](tel:216.687.2020) and downloading the Viking Shield application.

We are committed to insuring a safe campus environment for all and will provide additional updates as needed.

Sincerely,
Ronald M. Berkman
President
Cleveland State University
