COMFORT REFINED.

Prava's generous scale and sculpted shape provide lasting support for enduring comfort. Its revolutionary dual-density molded foam technology provides soft, plush foam in the center of the back for ultimate comfort, with dense, firm foam around the perimeter to maintain its crisp, upholstered profile. Prava's seat features molded foam with soft, waterfall edges that relieve pressure on the legs for lasting comfort.

Multiple mechanism choices, including swivel, synchro and knee, plus a full range of seat and arm adjustments give Prava the power to perform time and again – whether you're a first-year associate or the CEO.
