Will work involve the use of chemicals or materials which may release vapors or odors at the work site and into adjacent areas? Yes□ No □

Contractors are to supply copies of Material Safety Data Sheets for all hazardous chemicals used in the project prior to beginning work to the Office of Environmental Health and Safety.

The Contractor agrees to provide for a safe and healthy work environment, and to maintain compliance with all applicable provisions of the Occupational Safety and Health Administration's (OSHA) regulations as set forth in the Chapter 29 of Code of Federal Regulations pertaining to health and safety in the workplace (29 CFR 1910 and 1926). The Contractor also agrees to provide to the Office of Environmental Health and Safety evidence of applicable written programs prior to beginning work. These include, but are not limited to Lockout/Tagout (Control of Hazardous Energy), Confined Space, Hazard Communication, and Hearing Conservation.

The Contractor understands the CSU signatures below represent an authorization to proceed with work activities only, and do not, nor are they intended to represent approval of plans, designs, methods, specifications and work practices of the Contractor

As an agent of the above company, I agree to the above outlined conditions:

Contractor's Authorized Representative	Date
Authorization for Work to proceed	
Director of Access Control and Security	Date
Director of Environmental Operations	Date
IS&T Representative	Date
Director, Environmental Health and Safety	Date
CSU Project Coordinator
