

Dana Smith

Where are you from ?

I was born in Girard, Ohio, but we moved to the Toledo area when I was about 5.

What is your major ?

I am a Finance major with minors in both Accounting and Psychology.

When do you plan on graduating ?

Spring 2016, super senior!

What is your favorite food ?

I am a food fanatic, and I'm not sure I could limit myself to just one food. I love carbs, like really love carbs. I once ordered French fries on top of mashed potatoes at a restaurant; carb loading is probably one of my favorite past times.

What is your favorite part of being in the Scholars program?

Definitely having access to the lounge; it's great to have a space to come and hang out between classes.

What do you like to do in your spare time ?

I am super involved in my student organization, Viking Expeditions, and I dedicate a lot of my spare time to it. When I'm not out with VE, I love to be with my friends and family. I also enjoy running (to balance out all those carbs), baking, and holing up in my room and watching Netflix for hours on end.

What are your plans after graduation?

I hope to build both a life and career in Cleveland (although I'm still holding out for an acceptance letter to Hogwarts).

How would you describe yourself ?

I'm a total dork. I love to make people laugh. I have a huge passion for animals, which has led me to recently become a vegetarian. I'm currently in a very committed relationship to coffee (sorry, boys). I'm an avid concert-goer, reader, writer, sugar-consumer, volunteer, learner, and adventurer.
