

"He who has a why to live can bear almost any how."
-Nietzsche

Lolly Feigenbaum

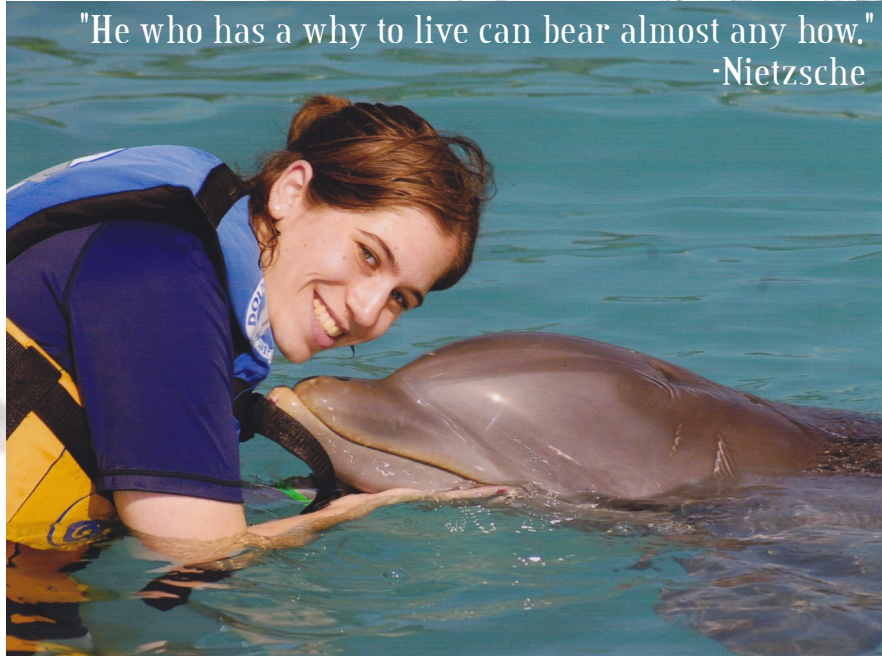

Cleveland, OH

Class of 2014

Accounting Major
with Business Minor

I have a blue dot next to my eye that people always mistake for a make-up mark, but is actually a mark caused by being stabbed by a pencil.

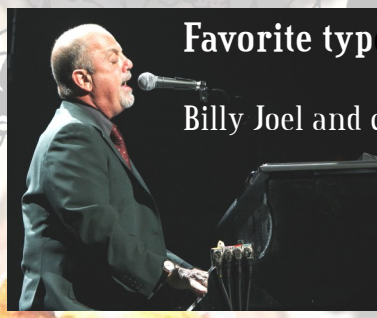

I am friendly and always willing to help when I can. I am also studious and self-motivated in completing my school work in a timely manner, but even if you see me working on homework, you can always feel free to approach me.

What is your favorite food?

I would have said pizza, but ever since I started working at a pizza place, it's becoming less and less appealing. I guess my close second is now first: fried chicken.

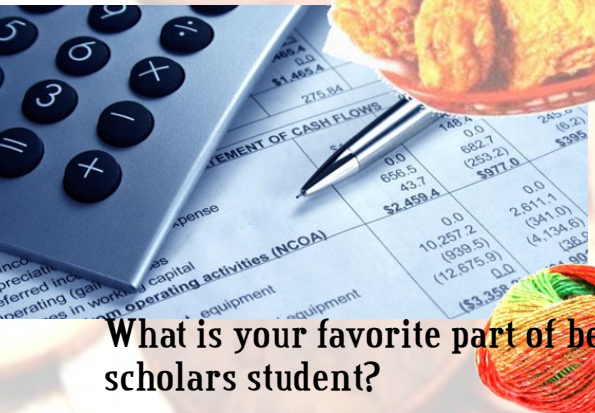

Favorite type of music/musician?

Billy Joel and classical music.

What do you like to do

I enjoy crocheting yamulkas and blankets.

What is your favorite part of being a scholars student?

My favorite part is definitely that I feel I have a sense of community. The lounge is filled with friendly faces, and I feel I can just sit right down, joke around, and relax.

What are your plans after CSU?

I hope to move to Israel and work in an accounting firm there.
