

Omri Tayyara

How would you describe yourself?

I would describe myself as an outgoing and extremely dedicated student who is always up for a challenge both in and out of the academic world.

Where are you from?

Palestine

What do you like to do in your spare time?

I enjoy being outdoors, and when I can't be outside, I enjoy indoor rock climbing, building race cars and just hanging out with friends and family.

What is your favorite food?

While I enjoy all kinds of foods from all over the world, I do enjoy classical Arabic dishes such as tabolah and rice with lentils.

May 2016
Mechanical
Engineering minor
in Math

What is your favorite part about being in the Scholars Program?

I especially enjoy how everyone in the scholars program is up to help one another, the advisors are extremely friendly and usually step in and save the day when it comes to scheduling.

What are your plans for after graduation?

I would like to attend either M.I.T. or Princeton University and acquire my Masters in Engineering as well as an MBA, After having achieved that I would like to work in Formula 1 as either a chief engineer or an aerodynamicist for Red Bull Racing.
