Class of 2014

Engineering Major
Scholars

What is your favorite food?

Lasagna! I made the best lasagna in the world last summer at camp.

How would you describe yourself?

Wow-I don't really know. I guess I would say I am a serious student who likes to have fun. I am not really a philosophic introspective person but I think my best quality is my trustworthiness.

"You may only be someone in the world, but to someone else you may be the world."

What is your favorite part of being a Scholars student?

I love the Honors Lounge. It is great to have a place on campus where I know I can meet with friends. Chatting with other Honors/Scholars students and the staff is a great study break for me.

What do you like to do in your free time?

I have lots of different hobbies. I play the piano and compose music. I also like all kinds of art, especially drawing.

What are your plans after CSU?

Graduate school and starting a family.
