Information Systems

BACHELOR OF BUSINESS ADMINISTRATION (BBA)

Why Information Systems?

Information Systems (IS) as an academic discipline encompasses two broad areas: **acquisition, deployment and management of Information Technology (IT) resources** and services; and **development of Information Systems infrastructure** to support the organization's processes. A Bachelor of Business Administration (BBA) in Information Systems prepares you for a career in information systems by focusing on the use of current information technology within the context of an organization.

The Program

Graduates with a BBA in Information Systems are knowledgeable in business core courses and applied computing. They not only have the necessary **managerial skills** to solve business problems in functional areas, but also **technical knowledge** to develop and support information systems of any scope.

Cooperative Education

Information Systems students are encouraged to participate in the **Cooperative Education (Co-Op) program**. The IS Co-Op is an educational program in which student's alternate periods of academic study in the classroom with periods of IS employment. This combination provides an integrated learning experience that enhances both the academic experience and career development. Students are able to apply theoretical knowledge obtained in the classroom to practical situations in the workplace.

Faculty

The Information Systems Faculty have a wide range of research interests and offer students the opportunity to work closely with them on exciting and challenging research projects. Many Information Systems Faculty members are active in professional organizations. In addition, **each student is assigned a faculty advisor** who will help them tailor their studies to prepare for a career in their area of interest. The broad range of research interests of the faculty enables students to participate in special projects or research in information systems-related areas.

Information Systems

FOUR-YEAR GRADUATION PLAN

The Information Systems program requires completion of **120 credit hours** of course work that includes university, college and Information Systems major requirements. Adhering to the recommended sequence below provides a balanced workload and ensures that students will have the proper prerequisites and knowledge for maximum benefit of these courses. Students will graduate from the program as a well-rounded professional with functional knowledge of each major business discipline.

FIRST YEAR

FIRST SEMESTER	CREDITS
ENG 101 English I	3
MTH 148 Mathematics for Business Majors I*	3
Natural Science with Lab**	4
ASC 101 Introduction to University Life	1
BUS 151 The World of Business	3
TOTAL	14

SECOND SEMESTER	CREDITS
ENG 102 English II	3
MTH 149 Mathematics for Business Majors II*	4
Arts and Humanities elective**	3
African-American Experience elective**	3
IST 203 Software Tools	3
TOTAL	16

SECOND YEAR

THIRD SEMESTER	CREDITS
BUS 201 Applied Business Statistics	3
ACT 221 Introduction to Accounting I	3
ECN 202 Principles of Microeconomics	3
IST 211 Fundamentals of System Development	4
IST 305 Introduction to Information Systems	3
TOTAL	16

FOURTH SEMESTER	CREDITS
OSM 202 Introduction to Business Analytics	3
ACT 222 Introductory Accounting II	3
ECN 201 Principles of Macroeconomics	3
GAD 250 Business Communication (W)	3
IST 311 Advanced Programming of Business Sys.	4
TOTAL	16

THIRD YEAR

FIFTH SEMESTER	CREDITS

Social Science Non-US Society elective**	3
Natural Science elective**	3
TOTAL	15

EIGHTH SEMESTER	CREDITS
MGT 465 Management, Strategy and Policy (W)	3
IST 465 Capstone Project	4
Arts and Humanities Non-US Society elective	3
IST elective	3
TOTAL	13

A minimum grade of "C" or higher is required in all Information Systems courses, if a grade below a "C" is earned the course(s) must be repeated.

- *The Analytical Geometry and Calculus sequence (MTH 181-182) may be substituted for the Mathematics for Business Majors sequence (MTH 148-149).
- **Before choosing electives, students should consult an advisor.
- (W) Counts as a Writing Across the Curriculum course for university graduation requirements (only if taken at CSU). Students must earn a grade of "C" or better in order to receive Writing Across the Curriculum credit.
