Subject: Field Technician Opportunity With a Civil Engineering Company
Date: Tuesday, July 10, 2018 3:47:01 PM
Attachments: [image001.png](#)

Hi All,

My name is Sarah Rieman and I am a recruiter with Insight Global, an Engineering Staffing company in the Columbus and Cleveland area. I am emailing you all today in regard to an entry level Field Technician opportunity with a Civil Engineering company in the Cleveland/Akron area. Given the reputation of Cleveland State's College of Engineering, I wanted to email you all to see if you have any recent graduates or students that are in the market for a new job!

We are looking for people who do not yet have their degree or maybe graduated without a Bachelor's. We are ideally looking for people with these qualifications. At this time of the year, most candidates are not in the market, so I wanted to see if you had any current or previous students who you know are in need of a job.

Thank you in advance, here is the basic job description!

Must Haves:

- ACI Concrete Field Testing - Level 1 certification
- High School Graduate or equivalent
- Valid driver's License is required and must pass MVR check
- Ability to frequently lift 50 lbs
- Ability to travel throughout the tri-state area

The Following Certifications are Preferred:

- NICET Highway Construction Level II or Higher
- NECEPT Concrete or Bituminous Field Testing
- PennDOT TA, TCI, TCIS
- NASSCO PACP, MACP, LACP

Day-to-Day:

- Perform all phases of field assignment. Interpret specifications, working drawings and convey intent to the contractor and owner's representatives.
- Responsible for all aspects of field inspection, testing, testing coordination, sampling, equipment, and equipment maintenance on assigned project.
- Obtain and record field data, in a legible and organized fashion; as required by the plans, specifications, or project staff. Generate and compile field reports.
- Maintain vehicles and equipment as required.
- Work with project staff on design changes.
- Communicate with all entities keeping everyone fully informed.
- Record daily installed construction quantities to review payment requests in terms of progress

and amount completed to date.

- Understand the public health and safety requirements and be fully trained in the proper safety procedures.
- Perform other duties as assigned.

Insight Global is a national staffing and services company that specializes in sourcing information technology, accounting, finance, and engineering professionals, and delivering service-based solutions to Fortune 1000 clients. We place more than 30,000 candidates annually and are ranked 3rd largest IT staffing firm and 9th largest Accounting and Finance staffing firm in the U.S. by Staffing Industry Analysts.

My best,

Sarah Rieman | Recruiter | Insight Global, LLC
