

*Department of Chemical and Biomedical Engineering  
Cleveland State University  
Fall 2019 Seminar Series*

October 17<sup>th</sup>: **Multi-Scale Modeling of Molecular Interfaces for Materials Science and Biological Applications**

Kevin Hinkle, PhD  
Department of Chemical & Materials Engineering  
University of Dayton

**Location: WH 405**

November 14<sup>th</sup>: **Engineering the microenvironment for nerve regeneration**

Rebecca Kuntz Williams, PhD  
Department of Biomedical Engineering  
University of Akron

**Location: WH 405**

October 31<sup>st</sup>: **Effective Properties and Collective Dynamics in Bacterial Suspensions**

Shawn Ryan, PhD  
Department of Mathematics and Statistics  
Cleveland State University

**Location: FH 103**

December 12<sup>th</sup>: **Single molecule imaging of complex materials**

Lydia Kisley, PhD  
Department of Physics  
Case Western Reserve University

**Location: WH 405**

***Faculty Introduction Talks***

**September 5<sup>th</sup> (WH 405)**

Nolan Holland, PhD  
Jorge Gatica, PhD  
Andrew Resnick, PhD

**September 19<sup>th</sup> (FH 103)**

Jessica Bickel, PhD  
Moo-Yeal Lee, PhD

**September 26<sup>th</sup> (FH 103)**

Geyou Ao, PhD  
Orhan Talu, PhD  
Chandra Kothapalli, PhD

**October 3<sup>rd</sup> (WH 405)**

Surendra Tewari, PhD

***All seminars 11:30 PM – 12:30 PM.***
