Goals and Supporting Strategies

Goal 1. Educate nurses to deliver relevant evidence based care, distinctive scholarship and creative activity, and lead healthcare improvements in our region and beyond.

Goal 2. Recruit and retain high-quality faculty, staff and students.

Goal 3. Support innovative science, practice, and policy to improve health outcomes that are fiscally sound and engage our community of interest.

Goal 4. Cultivate internal and external partnerships/initiatives that advance our mission, vision and values.
