

A SOCIETY OF PHYSICS STUDENTS (SPS)

presents: PHYSICS ALUMNI SERIES SEMINAR

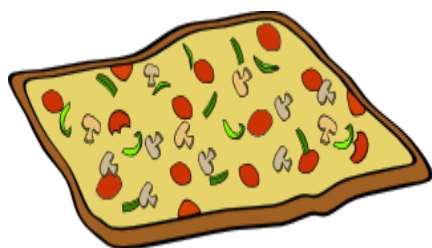

Going from Academia to Industry, one Alumna's Story

**Kaitlin Vandemark,
Key Account Manager,
ABB Inc, Auburn Hills, MI
BS-Honors Physics,
BA Communications,
CSU 2013**

Hello! I am an alumna of Cleveland State University. I graduated in 2013 with a degree in Physics and a degree in Communications. During my time at CSU I participated in several student organizations (including SPS and SGA), was part of COF Math cohort and the Honors Program. I also did undergraduate research for the Physics Department. In my final year as an Undergraduate, I earned a co-op opportunity with an international engineering company called ABB. After graduation, I began working at ABB full time and have since grown my career within the company. This presentation will go over my career path and include advice for students looking to enter the industry after graduation.
