

SOCIETY OF PHYSICS STUDENTS (SPS) EVENT

The Physics Adventures of Prasenjit and Krista in Dallas, Texas!

Abstract:

Prasenjit Bose and Krista Freeman will share the highlights of their recent trip to the largest annual physics conference in the USA, the American Physical Society (APS) March Meeting. This year the meeting was held in Dallas, Texas. Prasenjit and Krista both attended the meeting where they presented posters detailing their research projects completed at CSU.

Come learn about why YOU should get involved in research, how to find and attend a research conference, where to find travel funding, and what to expect when you get there!
