

The Society of Physics Students Presents:

Physics Movie Day!!

SR-151

12:00pm-1:00pm, Thursday, September 12, 2013

Please join us for a special showing of a movie, TBD. (Probably the Feynman Lecture on The Character of Physical Law.) It'll be a great way to relax after the first few weeks of school, and maybe even learn something!

Pizza and Pop will be provided, as always.
