

SOCIETY OF PHYSICS STUDENTS (SPS) EVENT

**Physics Department
Fall Semester Welcome Party
(AND FREE FOOD!!!)**

Abstract:

Society of Physics Students (SPS) cordially invites ALL INTERESTED STUDENTS to our department's Fall Semester Welcome Party. Come to say "hello" to the physics faculty, staff and students and learn about why we think:

PHYSICS IS FUN!

You'll also learn about our programs, new physics classes, physics research projects, and even summer employment opportunities.

Our short program will highlight multiple strengths of our department. It will include: welcoming messages from the SPS president, Krista Freeman, and the Physics Department Chair, Dr. Kaufman; a quick self-introduction and delightful musical performance by SPS officers; and (as always!) lots of pizza.

So stop by on Thursday for fun, food, and friends in Physics!

WHERE

SI – 117 (room next to the Physics
Computer Lab)

WHEN

Noon- 1pm
Thursday, September 17, 2009
