

SOCIETY OF PHYSICS STUDENTS (SPS) EVENT

Student's paid Summer Adventures with Physics and beyond

SPS officers: Kaitlin Vandemark, Josh Orzel, Phil Dee, Wilmarie
Busher-Betancourt

Abstract:

There are a ton of opportunities for students to get involved and make money over the summer. Learn about the summer stories of several students who were able to teach, travel and do research related to physics. These job opportunities provide first hand experience in the field of physics, science, and engineering during your undergraduate years.
