WELCOME TO

SPRING OPEN HOUSE

SATURDAY, APRIL 7, 2018
Welcome to the eighth annual Spring Open House at Cleveland State University!

We’re excited to have you on campus to show you our state-of-the-art learning spaces, and to share with you the cutting-edge academic initiatives and partnerships spanning Northeast Ohio’s business, government and nonprofit sectors that are making CSU one of the top urban research universities in the country.

For 2018, CSU has again been recognized by U.S. News & World Report as one of America’s Best Colleges. The University is experiencing unprecedented growth and forward momentum. Last fall we welcomed nearly 2,000 first-year students — our largest freshman class to date.

I hope you’ll enjoy your visit to CSU today and begin to experience Engaged Learning, our hands-on approach to providing a valuable and rewarding education.

Sincerely,

Dr. Ronald M. Berkman
President, Cleveland State University
WELCOME TO SPRING OPEN HOUSE!

Please feel free to attend the events that interest you most at your leisure, whether it is for the entire day or for a few short hours.

CSU volunteers are wearing large Spring Open House buttons and are here to help! Please ask them for assistance if you need directions or have questions about today’s events.

VIKING OUTFITTERS
10% discount coupon for Open House visitors. Open from 8am-4pm. Located on the first floor of the Student Center (SC).

CSU RECREATION CENTER
The CSU Rec Center (RC) is open to the public free of charge today. Enjoy a 20% discount at the Pro Shop.

CAMPUS TOURS
Tours depart from the Student Center (SC) Atrium, 1st floor, every half hour. See page 12 for the tour route and information about residence hall and library tours.

FOOD
Discount options are available for the following eateries:
Viking Grounds ...............8am-1pm
Outtakes ......................9am-1:30pm
Chili’s Grill & Bar ..........11am-10pm

FINANCIAL AID HELP
Have financial aid questions? Stop by the All-in-1/Financial Aid Campus Fair table located in the Student Center (SC) Ballroom or visit the All-in-1 office in Main Classroom (MC) 116.

OFFICE OF DISABILITY SERVICES OPEN HOUSE
Main Classroom (MC) 147
10am-1pm
Questions about disability accommodations in higher education? Does my IEP/504 plan transfer to a college or university? What type of support services are available? Whatever your question, we have the answer. Stop by our Office of Disability and Testing Services Open House to speak with one of our disability specialists.

ARTS CAMPUS TOURS
11am & 12:30pm
Meet in the Student Center Ballroom and head down to tour the Arts Campus in Playhouse Square. You will see the new art, theatre and dance facilities in our Middough Building, as well as the rehearsal halls, costume shop and scene shop!

JUNIORS WELCOME PRESENTATION
High School Juniors are invited to join us beginning at 9am in the Main Classroom Auditorium, where you’ll hear a presentation designed just for you. Learn all about CSU and the application timeline and hear from current students. We will also go over the Open House schedule and give suggestions for the day! Presentation is optional. Space is limited.

NEXT STEPS STATION
Student Center (SC) 313/315
Complete the application for admission, accept your admission and pay your enrollment fee, sign up for Orientation, or receive a transfer credit evaluation with the help of our Admissions Staff.
9AM-2PM

STUDENT CENTER (SC) BALLROOM, ROOM 311

*EVENTS ARE ALSO OFFERED IN CSU COLLEGES THROUGHOUT THE DAY.*

**DESCRIPTIONS OF THE SESSIONS ABOVE ARE ON PAGES 6-7. CHECK THE FOLLOWING PAGES FOR INFORMATION ABOUT COLLEGE-SPECIFIC EVENTS. JUNIORS: THERE’S AN OPTIONAL WELCOME PRESENTATION JUST FOR YOU AT 9AM. SEE PAGE 3 FOR DETAILS.**
HOW DO I SUCCEED IN COLLEGE?
College graduates attest: Crossing the finish line is not just about going to class, but also about the resources and support services that are available to you. Find out about the numerous free services CSU offers to help you succeed in your academic career.

COLLEGE 101
Learning about a college education can be as confusing as learning a new language or visiting a foreign country. This session breaks down the basic structure of a university, helps you understand the parts involved in earning a degree and explains in plain English some of the terminology you will encounter on any college campus.

HOW DO I PICK MY MAJOR?
Selecting an academic major is one of the most challenging aspects of the college experience. This session examines common myths and misconceptions about majors, the relationship between majors and careers, and key factors to consider when choosing your major. Whether you’re currently undecided about your major, or think you may already have decided on your major, this session offers a wealth of useful information.

CLASS OPPORTUNITY: GEOGRAPHIC INFORMATION SYSTEMS*
Learn the technology to organize, communicate, and understand spatial information for public, non-profit and private organizations using maps, data and analysis. Presented by Dr. Thomas Hilde, Assistant Professor, Department of Urban Studies.

INTRODUCTION TO FINANCIAL AID
This session provides an opportunity for participants to learn about the financial aid application and awarding process. The cost of higher education and different types of financial aid will also be reviewed.

STUDENT HOUSING OPTIONS
As a CSU student, you may decide to commute from your family home, live in a CSU residence hall, lease from a university-approved apartment or lease from an
off-campus landlord. It is up to you. Learn more about all of your options and estimated expenses, including the benefits of living in one of CSU’s residence halls — Euclid Commons and Fenn Tower.

**LEARN HOW CAREER SERVICES EMPOWERS STUDENTS**

It is never too early to start thinking of what you will be doing when you graduate from college. At Cleveland State, career development begins the moment you arrive on campus. Learn about Career Services and find out how we will help you figure out which careers interest you and what you need to do to land your dream job or internship!

**GRADUATE SCHOOL**

Learn more about the unique experience that CSU provides for graduate students. Meet College of Graduate Studies staff and participate in an informative presentation that includes information about financing your graduate education, standardized testing best practices, graduate assistantship opportunities, and tips for success at the graduate level.

**CSU VIKINGS GOING GREEK**

Is joining a fraternity or sorority for me? Many college students ask this question. Greek Life offers the opportunity to connect with new people who share similar interests and values and who are likely to become your friend for life. Greek organizations have an impact on their members’ lives in many ways, offering them learning and life experiences through community service, friendship, leadership, scholarship and social activities. Learn all about CSU Greek Life in this session.

**CLASS OPPORTUNITY: CREATIVE WRITING — POETRY IS FOR EVERYONE**

In this mock class, students will engage in a series of free writing activities to generate a draft of a freewheeling poem. Come get your creative juices flowing and explore the power of free writing to generate insights, make connections and have fun.

**CLASS OPPORTUNITY: INTRODUCTION TO AFRICAN AMERICAN LITERATURE**

Participants will explore African American literature as a component of American history, beginning with the roles of its political mission on content and its African legacy of form, followed by an examination of fiction, prose and drama to better understand the politics of literacy in African American culture.

**TRANSFERRING TO CSU**

If you’re thinking about transferring to CSU from another college or university, attend this session to learn more about the transfer application process and the many resources available to help make your transition to CSU a success.

*CLASS OPPORTUNITIES ARE YOUR CHANCE TO EXPERIENCE AN ACTUAL COLLEGE COURSE.*
SPRING OPEN HOUSE
COLLEGES + SCHOOLS

MONTE AHUJA
COLLEGE OF BUSINESS

SHERWIN-WILLIAMS, KEYBANK, PROGRESSIVE. Every day our students engage with Fortune 500 businesses like these through unique, hands-on learning opportunities through co-ops and internships. College of Business programs are taught by professionals who are experts in their fields, and projects for local companies are always an essential part of the curriculum. Accredited in business and accounting by the Association to Advance Collegiate Schools of Business (AACSB) International — a distinction shared with fewer than 5% of business schools worldwide — we’re connected, embedded and invested in greater Cleveland’s business community. Our College offers 9 undergraduate majors, 5 graduate programs, a doctoral program, 1 joint degree program and a number of certificate programs.

10–11AM
BUSINESS INSIDER’S INSIGHT
Business Building (BU) 220
UNDERGRADUATE PROGRAMS ONLY
Want to learn more about the world of business? Hear everything you need to know directly from our students! Join us for a panel discussion from current undergraduate Monte Ahuja College of Business students. Students will speak about their decision to attend the College of Business at CSU, classroom experiences, career exploration and internship opportunities. Also, learn about our new MBA program for students who complete our undergraduate BBA Degree Program — the BBA 2 MBA Program provides an easy transition for students interested in our graduate MBA program.

SPRING OPEN HOUSE
COLLEGES + SCHOOLS

COLLEGE OF EDUCATION AND HUMAN SERVICES

BASED ON A COLLABORATIVE, INTEGRATIVE, clinical model for teacher preparation, our Early Childhood, Middle Childhood, Special Education, Physical Education and Health, and Integrated licensure (grades 7-12) programs offer direct engagement with school students and ensure pre-service teachers develop the skills and experiences needed to become effective teachers. Committed to student engagement and success, the College also offers the Cleveland Fellows Program, made possible through a jointly funded initiative by the Cleveland Foundation and the Cleveland Municipal School District (CMSD). This innovative partnership provides paid internships and stipends to undergraduate students during their final year with the goal of securing a teaching position within CMSD upon graduation.

Join us to see how we’re reimagining the educational pathway for tomorrow’s educators and allied sport professionals.

10–10:45AM: SESSION I
11:30AM–12:15PM: SESSION II
BASIC INFO SESSION
Julka Hall (JH) 192
Join us for an informational session on the College of Education and Human Services that will cover the College’s field-based teacher licensure programs and the allied sport professional programs, which include exercise fitness and sport management.
SPRING OPEN HOUSE
COLLEGES + SCHOOLS

WASHKEWICZ COLLEGE OF ENGINEERING

THE COLLEGE OFFERS majors in Electrical and Computer Engineering, Computer Science, Chemical Engineering, Mechanical Engineering and Civil Engineering — all of which are available as a 4+1 Bachelor’s and Master’s, as well as Doctoral programs — plus graduate programs in Environmental, Software and Biomedical Engineering. Students learn in state-of-the-art classrooms, where professors draw on engineering expertise and incorporate projects from local companies into the curriculum. Outside the classroom, students participate in 17 active engineering student clubs and explore possible careers through internships and co-ops in organizations such as NASA, Parker Hannifin Corporation, Cleveland Clinic and more.

We also provide more than $700,000 in annual scholarships.

Be sure to visit both Fenn Hall (FH) and our new building, Washkewicz Hall (WH), to meet with professors, current students and staff.

10:30AM–12:15PM
ENGINEERING LAB PRESENTATIONS
Fenn Hall (FH)
Washkewicz Hall (WH)
Stop by the Washkewicz table at the Campus Fair (SC 311) for a list of available lab tours.

10:30AM–12:15PM
ENGINEERING STUDENT ORGANIZATIONS AND SERVICES
Washkewicz Hall (WH)
Meet with engineering student leaders and hear about our activities and organizations.

11:15AM AND 11:50AM
INFORMATIONAL PRESENTATION: “WHAT DO ENGINEERS DO?”
Washkewicz Hall (WH) 405
This information session is for students interested in majoring in engineering. Hear from current engineering undergraduates about the field of engineering and what the Washkewicz College of Engineering has to offer.

MAXINE GOODMAN LEVIN COLLEGE OF URBAN AFFAIRS

LEVIN COLLEGE STUDENTS jump-start meaningful careers and gain real world experience in urban planning, nonprofit administration, public safety, environmental sustainability, and economic development through internships, mentoring, and collaborative projects with our community partners. Recognized as one of the premier colleges of Urban Affairs, the Levin College is continuously ranked among the best in the nation for the graduate specialty in City Management & Urban Policy by U.S. News and World Report. At Levin, you can learn to build cities, lead communities, and change your environment while immersed in a vibrant and engaging urban landscape. Learn to change the world at Levin.

11AM AND 12PM
SOLVING ISSUES AND PROBLEMS WITHIN URBAN AND REGIONAL AREAS
Main Classroom 208
Learn how undergraduate degrees offered by the Department of Urban Studies can prepare you for opportunities within the fields of economic development, nonprofit administration, public safety, environmental studies and urban and regional planning. Become a force for change within your community. Bring your questions and find your answers. Presented by Winifred Weizer, Associate College Lecturer and Director of Undergraduate Programs, Department of Urban Studies.

SPRING OPEN HOUSE
COLLEGES + SCHOOLS
SMALL CLASSROOM SETTINGS, community-based internships, study abroad programs, numerous scholarships and 20+ liberal arts and social science student organizations enrich the experience as students explore their passions and talents while developing essential skills in leadership, analysis, communication, problem-solving and creativity. CSU’s Arts Campus, located in the heart of Playhouse Square — America’s second-largest performing arts district — offers arts-oriented students unique hands-on learning experiences alongside working professionals. Our new School of Film & Media Arts will open its 36,000-square-foot facility on the top floor of ideastream’s Idea Center in Fall 2018.

SEE PAGE 3 for details about Arts Campus Tours.

1PM
SCHOOL OF FILM & MEDIA ARTS TOUR
Student Center (SC) Ballroom
Meet in the Student Center Ballroom for a look at CSU’s new School of Film & Media Arts — Ohio’s first standalone film school. The tour includes a walk down to ideastream’s Idea Center at Playhouse Square, where the School’s space, which includes panoramic views of downtown Cleveland and Lake Erie, is currently under construction. Space for the tour is limited so please sign up at the Film & Media Arts table located in the Ballroom.

CAMPUS FAIR TABLES
Stop into the Student Center Ballroom anytime between 9am and 2pm to talk to a faculty member in the following College of Liberal Arts and Social Sciences academic programs:

SPRING OPEN HOUSE
COLLEGES + SCHOOLS

COLLEGE OF LIBERAL ARTS AND SOCIAL SCIENCES

More than 95% of School of Nursing students graduate on schedule and are in great demand by some of the best hospitals in the country, including Cleveland Clinic, University Hospitals and MetroHealth Medical Center, which also serve as sites for our students’ hands-on clinical experiences. In the classroom, students learn the latest techniques and technologies while practicing in our state-of-the-art Nursing Resource Laboratory. The School features a traditional Bachelor of Science in Nursing (BSN), as well as an accelerated BSN and RN to BSN programs for undergraduates.

10AM, 11AM & 12PM
A NURSING STUDENT’S PERSPECTIVE
Center for Innovation in Medical Professions (IM) 109
Take a seat in the state-of-the-art classroom to experience a student’s perspective. Hear an overview of the nursing program, meet School of Nursing representatives and have your questions answered.
MILLIONS OF DOLLARS of faculty grant funding each year mean that students are exposed to a range of cutting-edge research while benefitting from personalized graduation plans, plus access to both a professional staff advisor and a faculty advisor. Our exceptional facilities include renovated chemistry labs, the state-of-the-art Center for Innovation in the Medical Professions, a speech and hearing clinic, and a human gross anatomy lab. Students are supported with supplemental math and science instruction and tutoring. The College also houses the Office of Pre-Professional Programs, which provides services to students interested in medicine, pharmacy, dentistry, optometry and veterinary medicine.

11AM  
COLLEGE OF SCIENCES AND HEALTH PROFESSIONS (COSHP) PANEL DISCUSSION  
Science & Research Center (SR) 151  
Learn about our academic offerings, recent accomplishments and the College’s vision from Dean Meredith Bond. This session will also feature an undergraduate student panel representing the array of COSHP majors. PLUS, two lucky attendees will win a gift card to the Viking Outfitters bookstore!

12PM  
CHEMISTRY LAB DEMONSTRATION  
Science Building (SI) 340  
Don’t miss Dr. Anne O’Connor and Dr. Jerry Mundell as they present a fun and interactive demonstration in one of the COSHP’s state-of-the-art chemistry labs.

12PM  
OCCUPATIONAL THERAPY, PHYSICAL THERAPY, SPEECH-LANGUAGE PATHOLOGY, AND PUBLIC HEALTH AT CSU  
Center for Innovation in Medical Professions (IM) 225  
Learn how attending CSU as an undergraduate can set you up for success in our graduate programs. Meet the director and see our modern facilities.

1PM  
PRE-PROFESSIONAL HEALTH PROGRAMS AND NEOMED – CSU PARTNERSHIP INFO SESSION  
Main Classroom (MC) 123  
Pre-med students and families are encouraged to learn more about CSU’s unique approach to pre-medical education. Through interactive workshops, student organizations and advising, pre-med students are prepped for the option to apply to the Northeast Ohio Medical University (NEOMED)-CSU Partnership for Urban Health as a possibility for their future medical career.

SPRING OPEN HOUSE  
COLLEGES + SCHOOLS

JACK, JOSEPH AND MORTON MANDEL HONORS COLLEGE

ACADEMICALLY TALENTED STUDENTS benefit from being part of CSU’s large, diverse campus in a dynamic urban center while enjoying the personalized attention, small class sizes, and opportunities for undergraduate research and creativity typically associated with smaller schools. Our graduates are often found pursuing advanced studies and professional programs that lead to highly successful careers.

10AM AND 12PM  
JACK, JOSEPH AND MORTON MANDEL HONORS COLLEGE OVERVIEW  
Main Classroom (MC) 103  
This information session is for high achieving students interested in a challenging college academic experience. Learn more about the Honors and University Scholars programs, admissions requirements and meet current students in the program.
campus tour options

HOP ON, HOP OFF TOUR: CAMPUS TOUR

Walking tours of campus will be available throughout the day between 10am and 1pm. The tours originate in the Student Center. However, you can hop on and hop off at various stops across campus. Feel free to hop off the tour and listen to a speaker, experience an academic college, or tour a building. When you are ready to rejoin the tour, simply wait at the tour stop sign for the next tour to come along and hop on.

CAMPUS TOUR STOPS

1. Student Center (SC)
2. Julka Hall (JH) — College of Education and Human Services and School of Nursing
3. Recreation Center (RC)
4. Washkewicz Hall (WH) — Washkewicz College of Engineering
5. Science Building (SI) — College of Sciences and Health Professions
6. Main Classroom (MC) — Jack, Joseph and Morton Mandel Honors College
7. All-In-One (MC)
8. Michael Schwartz Library (RT)
9. Rhodes Tower West (RTW) — Career Services Center

SCHOOL OF NURSING

SEE PAGE 10 FOR NURSING EVENTS
BASIC BSN PROGRAM
The Basic program is designed for students who are seeking a baccalaureate degree and licensure as a registered nurse. This traditional program is three years after admission to the program.

ACCELERATED BSN PROGRAM
The Accelerated program is an intense program that spans four consecutive semesters. It is designed for students who have a bachelor's degree in another profession and want to transition into nursing.
