Welcome to Cleveland State University, the home of *engaged learning*!

Established in 1964 as a small state university, Cleveland State University has grown into a vibrant urban campus in the heart of downtown. With over 175 academic programs and several thousand internships offered every year, there are many ways for students to get involved in their major, both on campus and in their field of study.

Students at Cleveland State University have the opportunity to work and learn alongside industry professionals in every program, whether they are Grammy Award winning musicians, Cleveland Clinic health professionals, or Fulbright Scholars. Our internship and co-op programs get students out of the classroom and into the field, giving them the chance to learn by experience.

Our campus is within walking distance of Playhouse Square, Progressive Field, Quicken Loans Arena, East Fourth Street, and many more exciting destinations.

CSU students enjoy many benefits, including small class sizes (with an average class size of 23 students), an RTA pass for public transit, a student ticket program for local entertainment, and free entry to university sporting events. Being in the heart of downtown Cleveland has its perks!

SELF-GUIDED

CAMPUS TOUR STOPS

- 1 Julka Hall
- 2 Mather Mansion
- 3 Health Sciences Building
- 4 Physical Education
- 5 Recreation Center
- 6 Washkewicz Hall/
Fenn Hall
- 7 Science and
Research Center
- 8 Main Classroom
- 9 Rhodes Tower & Michael
Schwartz Library
- 10 Student Center
- 11 CIMP
- 12 Music & Communications
- 13 Law Building
- 14 Monte Ahuja College
of Business
- 15 Maxine Goodman Levine
College of Urban Affairs
- 16 Fenn Tower
- 17 Euclid Commons

1

JULKA HALL

- Home to the College of Education and Human Services and the School of Nursing, Julka Hall offers state-of-the-art classrooms and learning labs.
- Exceeds national exam passing rate for school teachers, counselors, administrators and nurses.

FUN FACTS

Bill Julka's \$6 million dollar gift to the university is the single largest donation in the university's history set aside for scholarships.

2

MATHER MANSION

- Built in 1910, Mather Mansion has been carefully restored with most of the original décor and construction.
- Has 45 rooms, including a ballroom that can hold 150 guests.
- Home to the 1964 Society (Student Alumni Association).
- Mather Mansion was once part of Millionaire's Row, a length of Euclid Avenue where prominent figures, such as John D. Rockefeller, Marcus Hanna and Charles F. Brush, built their mansions.

At the time of its completion, Mather Mansion was the most expensive home in Cleveland!

3

HEALTH SCIENCES BUILDING

- Houses classrooms and labs for the Occupational Therapy and Physical Therapy programs.
- The School of Health Sciences shares spaces with the new Center for Innovations and Medical Professions.

This building is much bigger than it looks, with another two floors underground!

4

PHYSICAL EDUCATION

- Home to Busbey Natatorium — offers swimming, diving, kayaking, and scuba lessons to students.
- CSU has 18 NCAA Division I sports, as well as many club and intramural teams.
- The Career Services Center hosts a career fair here every semester, with over 100 local employers who recruit CSU students and recent alumni.

In the summer of 2013, this building was used in the filming of *Captain America: The Winter Soldier*.

5

RECREATION CENTER

- The state-of-the-art Rec Center is free for use by all CSU students who are signed up for at least one credit hour.
- Some features of the Rec include: three basketball courts, an indoor jogging track, cardio machines, weight training and a game floor.

The Rec Center offers many free fitness programs to students, from yoga to spinning.

6

WASHKEWICZ HALL & FENN HALL WASHKEWICZ COLLEGE OF ENGINEERING

- Founded in 1923, the College of Engineering is the oldest program at CSU.
- In addition to those offered by the University, the engineering program offers a number of engineering scholarships to students.
- The new building includes the Parker Hannifin Human Motion and Control Laboratory and the Dan T. Moore MakerSpace, where students are transforming ideas into reality.
- The Cooperative Education Program offers students paid placements at engineering firms.

The new Washkewicz College of Engineering four-story, 100,000-square-foot, \$60 million building opened in December 2017.

7

SCIENCE AND RESEARCH

- There are many opportunities for students in the sciences to work on research projects with their professors.
- Home to chemistry, neuroscience, anatomy and geology labs.
- Houses a newly renovated General Chemistry lab, as well as a new study lounge.
- One of only a few Universities to offer real cadavers to undergraduate anatomy students.

Several of our undergraduate students have had their research published in peer-reviewed journals!

8

MAIN CLASSROOM/ RONALD BERKMAN HALL

- Many freshman and general education classes are held in this building.
- Free tutoring is available through the Tutoring and Academic Success Center (TASC) and the Math Learning Center.
- Exploratory advising and All-in-One Enrollment Services make it easy to take care of advising, financial aid, and class registration in a few easy steps!
- Home to the Jack, Joseph and Morton Mandel Honors College.
- The new CLASS Lounge serves as a modern gathering place for College of Liberal Arts and Sciences students.

Main Classroom/Ronald Berkman Hall is one of the largest academic buildings in the state of Ohio, and holds our two largest classrooms!

9

RHODES TOWER & MICHAEL SCHWARTZ LIBRARY

- Rhodes Tower holds professor and advisor offices.
- The library has over 125 computers for student use, and study areas for quiet, silent, and group study.
- The Writing Center on the first floor helps students perfect their papers.
- The Multimedia Services lab on the third floor allows students to check out cameras to work on projects.

Each major has a specific librarian to help students with research in their area.

10

STUDENT CENTER

- The Student Center is our campus “living room” — there are no classrooms in this building.
- Home to our campus bookstore, where you can purchase textbooks, snacks, and spirit wear: Go Vikings!
- Many of our dining options are located here: Viking Marketplace, Viking Grounds, Chili’s, and many more!
- At Mobile Campus, students can check out a laptop, Surface Pro, or calculator for up to 48 hours free of charge.

There are over 200 student organizations at CSU! Student Life Offices are on the third floor of the Student Center.

11

CENTER FOR INNOVATIONS AND MEDICAL PROFESSIONS (CIMP)

- Opened in Fall 2015.
- Home to the School of Nursing, College of Science and Health Professions and NEOMED-CSU Partnership for Urban Health (post-baccalaureate program).
- Houses Speech and Hearing Clinic, Audiology labs, Nursing labs, and a Physical and Occupational Therapy training room, as well as the Student Health Center.

The NEOMED program holds up to 35 seats in reserve every year for qualifying CSU students!

12

MUSIC & COMMUNICATIONS

- CSU is home to the state’s first standalone film school — the School of Film & Media Arts.
- Music students have the opportunity to study with members of the Cleveland Orchestra and other professional ensembles.
- There are soundproof practice rooms on the second floor.

More than 65 movies have been filmed in Cleveland in the last few years alone, resulting in a \$400 million economic impact.

CLEVELAND-MARSHALL COLLEGE OF LAW

13

- The nearly 120-year-old institution was the first law school in Ohio to admit women and it was one of the first law schools in Ohio to admit minorities.
- The study of law can open the door to careers in business, non-profits, public service, sports and entertainment, as well as traditional law firm litigation.
- From the beginning of law school, students gain hands-on experience and help countless individuals and causes by performing real legal work.

Cleveland-Marshall boasted an 82% bar passage rate on the February 2018 Ohio Bar exam, the highest passage rate among Ohio's nine law schools.

MONTE AHUJA COLLEGE OF BUSINESS

14

- Is accredited by AACSB International, a distinction earned by about 5% of universities worldwide.
- The business program offers many opportunities to study abroad, as well as several opportunities for international internships.
- New programs in Business Analytics and Entrepreneurship prepare students for in-demand jobs and give them a competitive edge before graduation.

The College of Business offers special MBA programs and tuition discounts for academically qualified undergraduate students.

MAXINE GOODMAN LEVIN COLLEGE OF URBAN AFFAIRS

15

- Established at Cleveland State in 1977.
- Offers five undergraduate and six graduate programs.
- The college of Urban Affairs has had nationally ranked programs for nearly a decade.

Cleveland Mayor Frank Jackson is an alumnus of the program!

This concludes the self-guided tour. For additional information about other campus locations and amenities, see the following pages (Off the Beaten Path).

ADDITIONAL INFO

ARTS CAMPUS

- Our Arts Campus flourishes in the heart of Playhouse Square, the nation's largest performing arts center outside of New York City. It features the Tony Award-winning Cleveland Play House, America's only professional theatre company coupled with an undergraduate university learning environment. The Arts Campus includes over 120,000 square-feet of studios, rehearsal space, classrooms and production shops, with faculty from the top arts institutions in town. It also includes the Galleries at CSU, as well as the new School of Film & Media Arts — Ohio's only standalone film school.

CAREER SERVICES CENTER

- The Career Services Center at Cleveland State University helps students find jobs both on campus and at nearby businesses. Students can set up an appointment with a career counselor for services such as resume writing assistance and mock interviews. The Career Center hosts a job fair every semester in the Woodling Gym, bringing in 100+ local employers to recruit CSU students and recent graduates.

CAMPUS SAFETY

- Cleveland State University is taking every necessary measure to keep our students, faculty and staff safe! Our campus is protected by the CSU Police Department, who patrol over 90 acres of campus on foot, bicycle, horseback and patrol car. They also offer a campus escort service to increase safety and security when walking on campus. In addition to emergency blue-light phone stations around campus, students can also download the free Rave Guardian mobile app to notify authorities in case of an emergency.

COMMUTING TO CAMPUS

- For many students, CSU is only a quick, convenient RTA ride away. Each student is provided an RTA pass that they can use to commute, or visit any of the local, nearby attractions such as Little Italy, Edgewater Park, Westside Market, and more! We also have a number of parking options and a parking services app with up-to-date information about the number of parking spaces available in each lot.
