

2017–2018 Student Injury and Sickness Insurance Plan for Cleveland State University (Low Option, Plan I)

Who is eligible to enroll?

The Master Policy covers students and their eligible Dependents, when the plan includes Dependent coverage, who have met the Policy's eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Pay the required premium.

All international students with F1 or J1 visas who are registered for one or more credit hours per term and International scholars, visitors, and professors on the University's exchange program holding a J-1 Visa are required to purchase the High Option II Plan (2017-444-2) of this insurance plan unless proof of comparable coverage is furnished.

All domestic and undergraduate students enrolled in 6 or more credit hours, graduate students or law students taking credit hours, including those enrolled in independent study classes are eligible to enroll in either the High Option II Plan (2017-444-2) or the Low Option I Plan (2017-444-1) of this insurance plan.

If the plan includes Dependent coverage, then eligible students who do enroll may also insure their Dependents.

When the policy includes Dependent coverage, eligible Dependents include:

1. The Insured Person's legal spouse.
2. The Insured Person's Domestic Partner, if Domestic Partner is included as a "Class of Person to be Insured" as specified in the Policyholder Application.
3. Dependent children up to age 26.
4. Disabled children beyond age 26 if the child is:
 - a. Incapable of self-sustaining employment by reason of intellectual disability or physical handicap.
 - b. Chiefly dependent upon the Insured Person for support and maintenance.
5. Children for whom the parent is required by court or administrative order to provide coverage.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

When the Policy includes Dependent coverage, the eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
 - a. On the date the Named Insured acquires a legal spouse or a Domestic Partner who meets the specific requirements set forth in the Definitions section of this Certificate.
 - b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

Coverage availability is guaranteed for all individuals who meet the eligibility requirements specified above.
