

**THE CHOOSE OHIO FIRST
ENGAGED SCHOLARSHIP PROGRAM IN BIOSCIENCE AND HEALTHCARE
(Science Entrepreneurship)**

***Scholarships Available in Bioscience and Healthcare: up to \$5,200 per year
Application Deadline July 31, 2016***

Science and medicine have a long tradition of engaged learning. This state-funded scholarship program is designed to attract and retain the best and the brightest students in the field of bioscience and healthcare across Ohio with a progressive engaged learning program in science entrepreneurship. CSU will award scholarships in the amount of up to \$5,200 per academic year (\$2,600/semester) to juniors, seniors, post-baccalaureate, and master-level students who are interested in a career in science entrepreneurship in Ohio. Choose Ohio First Scholars will have opportunities to engage in independent research, internships, and entrepreneurial experiences. Graduates are expected to help advance economic development in Northeast Ohio and the State. For more information about this program or to read the full project description, please visit the Ohio Board of Regent's Choose Ohio First web-site (<http://www.uso.edu/opportunities/partnership/chooseohio1st/index.php>).

Expectations

Choose Ohio First Scholars are encouraged to engage in three activities during the award period:

- 1) **Research Experience**—an independent research project in the laboratory;
- 2) **Internship/Co-op Experience**—an immersion experience in industry or working laboratory;
- 3) **Entrepreneurial Experience**—mentoring by local science entrepreneurs, bioscience business incubators, or start-up companies.

Eligibility

- * Cleveland State University Student, Enrolled Fall 2016 and Spring 2017
- * Ohio Resident
- * Junior or Senior Undergraduate Student, Master Student or Post Baccalaureate Student
- * College of Science and Health Professions or College of Engineering Major in a health or bioscience related area (Chemistry, Biology, Health Science, Biomedical Engineering, Biomedical Physics, etc.)
