

## **BIO**

Dr. George C. Fraser is Chair and CEO of FraserNet, Inc., a company he founded some 20 years ago with the vision to lead a global networking movement that brings together diverse human resources to increase opportunities for people of African descent.

Fraser was born in Brooklyn, NY into a family of 11 children. When Fraser's mom became mentally ill, his dad, a cab driver, couldn't care for 11 children so Fraser was orphaned at 4 and spent 14 years in foster homes.

Fraser graduated from high school with a vocational diploma in woodworking because the school system did not consider him college material. Thank God Fraser felt differently, for years he mopped floors on the midnight shift at LaGuardia Airport, while he paid his way through college. Fraser went on to leadership positions with Procter & Gamble, the United Way, and Ford Motor Company.
