

Add a link to CSU Library Electronic Course Reserves in Blackboard

1. From the build content menu, select CSU LibApps

2. Give your link a name and click submit.

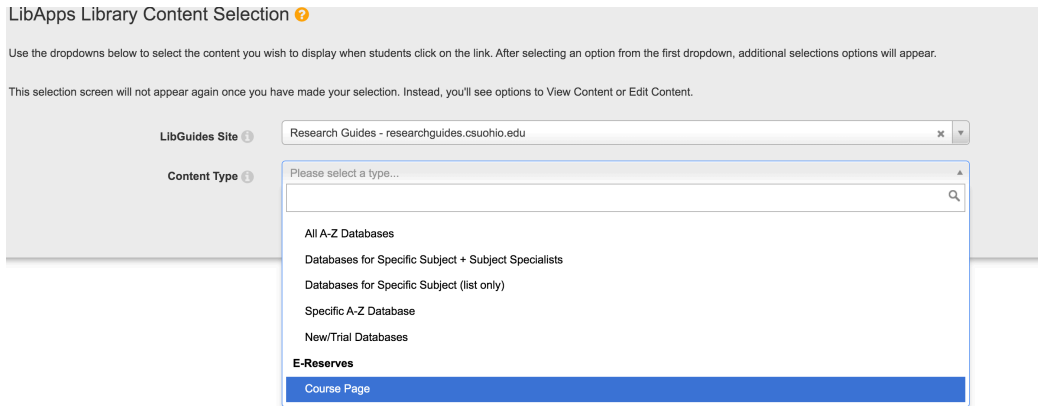

3. That creates an item in your course. Click the item to open to continue setup.

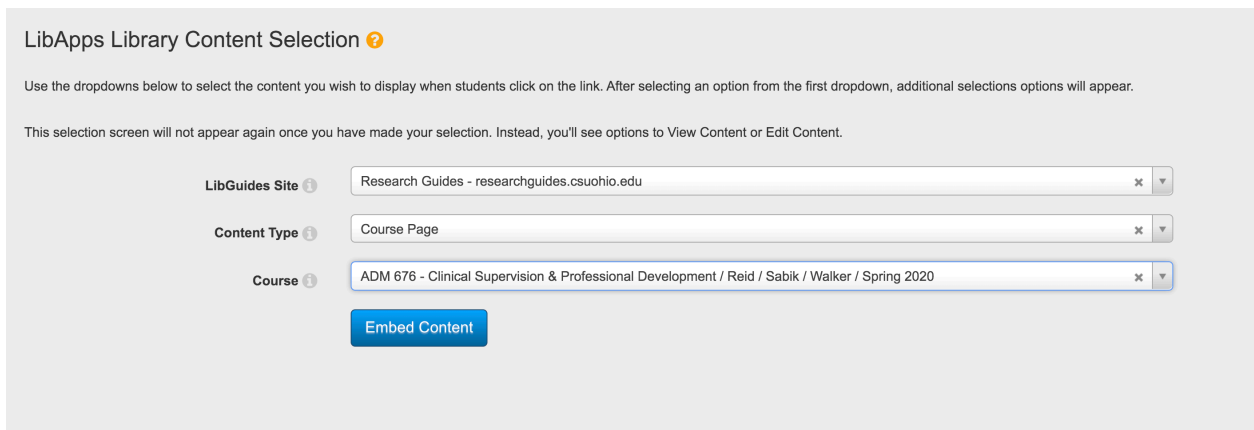

4. Choose “Research Guides” from the drop down menu.

5. Under content type select “E-Reserves,” “Course Page”

6. Select your course from the course dropdown menu and select “embed content”

Your link is now set in your course to go to the electronic course reserve page for your class.
