

EH&S Safety Training Sign-Up

The University Office of Environmental Health and Safety provides training for all employees as required by OSHA, OEPA, & ODH. Some training is required annually while other training is needed initially.

The OEHS has developed a **twelve month** training program which is based on **twelve topics** per year.

To access our training schedule please visit our Environmental Health & Safety web site, and click on training and upcoming events. Please complete the registration and then click on the training topic you would like and date selected, then click **SUBMIT.....It's that easy!** **EH&S (216) 687-9306**
