

is a structured academic program that integrates classroom studies with paid, productive, real-life work experiences. Co-op experiences also allow students to begin their professional careers while in school by exposing them to the various environments in which engineers operate on a daily basis. Typically after completing three or four semesters of Co-op, engineering students have found employment with government agencies, industrial manufacturers, consulting firms, and other private engineering enterprises.

THE FENN COOPERATIVE EDUCATION PROGRAM

90
YEARS

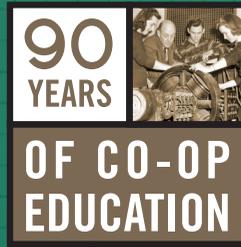

OF CO-OP
EDUCATION

engagedlearning™

*Cleveland State University
Fenn College of Engineering*

If you are unable to attend and would like to support the Co-Op Scholarship fund,
please send a check payable to the
Cleveland State University Foundation
2121 Euclid Avenue, UN 501
Cleveland, Ohio 44115-2214.

Please put Fenn College Co-Op on the memo line.

You also can make a contribution on-line at www.csuohio.edu/giving.

Join us for a special evening in recognition of the

Cleveland State University
Fenn College of Engineering
