Helpful Tips for Completing Questionnaire

Complete this yourself: Do not have a family member log in and complete it. Only you truly know yourself.

Reflect on each question: Although your first instinct is probably the right answer, take time to think about each question and the long-term effects of each one.

Be honest: You will likely be happier if your answers represent your preferences, not what you perceive your answers “should be.” The only “right” answers are those that best reflect you and your needs.

Made a mistake? Don’t worry! You’ll be able to go back in and edit your responses until July 1.
