

WELCOME TO

Spring
OPEN HOUSE

CLEVELAND STATE UNIVERSITY
SATURDAY, APRIL 20, 2024

President's Message

Welcome to our Spring Open House!

During your visit today, I encourage you to take a look around our beautiful, urban campus and get a feel for what our students experience here at CSU. Join a campus tour and check out the academic spaces our students use daily. In addition to classrooms, study and recreation areas, you'll see spaces like our research labs, where students regularly support our world-class faculty in their research and gain hands-on experience. I hope you'll have a chance to see our dining spaces, performing arts halls, maker spaces and medical device labs. You may even see something that will spark a new interest in an area of study you hadn't thought about before!

I also encourage you to follow your curiosity and ask plenty of questions during your time on campus or in the weeks that follow. After all, this is your future! I and all of my colleagues want to help you make the absolute most of it. At CSU, our primary goal is to support your journey and provide you with the guidance and tools you need—like advising, tutoring and academic support, and health and wellness services—to succeed and thrive as a student.

During your time on campus, you just may begin to feel that you're in the right place—that you can launch your future here. I hope so! We'd love to welcome you back soon as a CSU Viking.

Enjoy your day. Stay in touch.

Warm regards,

Laura Bloomberg, Ph.D.
President
Cleveland State University

INFORMATION SESSION

descriptions

COLLEGE 101

Learning about a college education can be as confusing as learning a new language or visiting a foreign country. This session breaks down the basic structure of a university, helps you understand the parts involved in earning a degree and explains some of the terminology you will encounter on any college campus.

EDUCATION AWAY: STUDY ABROAD AND NATIONAL STUDENT EXCHANGE OPPORTUNITIES

Join us for a talk on the benefits of incorporating a study abroad program or National Student Exchange semester into your college experience. Information will be provided on program options, how to access financial aid and scholarships, and much more! Ample time will be left at the end for questions. Presented by Julie Good, Manager of International Programs (j.a.good88@csuohio.edu).

FINDING YOUR PLACE AT CSU: RESOURCES AND SUPPORT FROM DAY ONE

You're a valued member of the CSU community but navigating college can be challenging. Knowing where to find resources and a sense of community can help! Cleveland State has several resource centers and offices to help address students' basic needs and provide them with spaces that create a sense of belonging and a way to connect with other students. Learn about our CARE Team, LGBTQ+ Center, Marejoyce Green Women's Center, Veteran and Military Student Success Center, Lift Up Vikes! Food Pantry and Resource Center and more!

INTRODUCTION TO FINANCIAL AID

Learn about the financial aid application process, the cost of higher education and different types of financial aid.

JACK, JOSEPH AND MORTON MANDEL HONORS COLLEGE

This information session is for intellectually curious and high-achieving students interested in a challenging academic experience in a small-college environment within the larger university. Learn more about the Honors College program and admissions requirements.

THE OFFICE OF CAREER DEVELOPMENT AND EXPLORATION: HELPING YOU ACHIEVE YOUR GOALS!

Career Development and Exploration at CSU looks a bit different than other institutions, and we are excited to tell you why! Our job is to prepare all students for what comes next—and what comes next is anything you want to achieve. Whether it is medical, law or graduate school, or entering the workforce, our one-stop shop is prepared to coach you during your time at CSU. We cannot wait to introduce you to our office, our mission and vision, and how we help students embrace their highest potential to pursue their dreams!

STRESSED ABOUT PICKING A MAJOR? LET US HELP!

Selecting an academic major is one of the most difficult aspects of the college experience. This session dives deeper into myths and misconceptions about majors, the relationships between majors and careers, and important factors to consider when deciding. If you're currently exploring options, or even if you think you already have one decided, allow our first-year advisors to share their wealth of information and resources with you.

STUDENT ENGAGEMENT AT CSU

At CSU, our students are working, commuting and going to school. Whether you're on campus often or for just a couple hours each week, there's an abundance of activities and experiences to be had in and out of the classroom. This session showcases all the ways to get involved and make the most of your experience at CSU, from connecting with like-minded individuals to creating a professional network. Learn about our top campus events, Greek life, student organizations, support resources, campus partnerships and so much more!

STUDENT HOUSING OPTIONS

We know that CSU students have many choices regarding where to live during your college years. Please join us for information about living on campus and see why we think campus living is an important part of your college experience. We have many great residential communities to choose from that offer something for everyone. Learn about your options, what's included in our communities and estimated expenses for Fenn Tower, Euclid Commons, The Edge on Euclid and The Langston.

TRANSFER TO CSU

If you're thinking about transferring to CSU from another college or university, attend this session to learn more about the transfer application process, scholarship opportunities and resources available to help make your transition to CSU a success.

SCIENCE LAB TOUR

InnerLink outside Berkman Hall (BH) 201

Meet in the InnerLink, just outside Berkman Hall 201, to begin the tour of our science labs, including biology, chemistry and physics.

MONTE AHUJA COLLEGE OF BUSINESS

We are accredited in business and accounting by the Association to Advance Collegiate Schools of Business (AACSB) International—a distinction shared with fewer than 5% of business schools worldwide.

The Monte Ahuja College of Business prepares its graduates for professional careers in business, government and nonprofit organizations by offering three types of business undergraduate degrees and various major programs. We require students to explore the world of business in society, develop managerial, technical, ethical and critical thinking skills, and understand the roles and responsibilities of individuals as citizens, managers and professionals.

SESSION ONE: 10–11 A.M.

SESSION TWO: 11:30 A.M.–12:30 P.M.

EXPLORE THE WORLD OF BUSINESS AT THE MONTE AHUJA COLLEGE OF BUSINESS: OUR EDUCATION, OUR INTERNSHIPS, OUR SCHOLARSHIPS AND OUR RESOURCES

Monte Ahuja Hall (BU) 220

This session will highlight our undergraduate business majors, minors and certificate programs. In addition, the session will discuss career engagement and internship experiences that support our business education and support students with career and professional development in preparation for life after graduation. Also learn about student services to support completion of degree programs and meet current students.

12:30–1:30 P.M.

MONTE AHUJA COLLEGE OF BUSINESS TOUR

Monte Ahuja Hall (BU) First Floor

Gather in the main area of the first floor for an advisor-led tour of our academic building! You'll explore academic centers, computer and ideation labs, study lounges and more. Learn why being a business student at CSU is a top-notch experience.

WASHKEWICZ COLLEGE OF ENGINEERING

Engineering students learn in state-of-the-art classrooms and labs, where professors draw on engineering expertise and incorporate design projects from local companies into the ABET-accredited curriculum. Students participate in 22 active engineering student clubs and prepare for their future careers in the integrated co-op program with organizations such as NASA, Parker Hannifin Corporation, Cleveland Clinic and more. The college offers a 4+1 joint bachelor's + master's degree option and tremendous student support inside and outside of the classroom.

SESSION ONE: 10–10:30 A.M.

SESSION TWO: 11:30 A.M.–NOON

COLLEGE OF ENGINEERING OVERVIEW

Washkewicz Hall (WH) 405

Learn about our integrated co-op program, opportunities for student engagement and academic support, engineering student organizations and more. Following this overview, we will take anyone interested through our college's labs, makerspace and instructional classrooms.

SESSION ONE: 10:30–11 A.M.

SESSION TWO: NOON–12:30 P.M.

COLLEGE OF ENGINEERING LAB TOURS

Washkewicz Hall (WH) First Floor Lobby

Directly following the College of Engineering Overview, we will go inside labs for each engineering discipline to learn about our various engineering majors, see college facilities such as the Dan T. Moore Makerspace, share some of the research going on in our college and view student design projects.

COLLEGE OF HEALTH

The College of Health is comprised of the departments of Communication Sciences and Disorders, Health Sciences and Human Performance, Music Therapy, Occupational Therapy, Physical Therapy, and the schools of Nursing and Social Work. **Our undergraduate and graduate degree programs are designed to prepare students for a variety of health-related careers** utilizing classroom instruction, interactive laboratory experiences and real-world practice through field placements and clinical rotations with numerous partners throughout Northeast Ohio.

The college features state-of-the-art facilities, such as the Nursing Resource and Simulation Laboratory and our on-site Speech and Hearing Clinic. Students gain experience working with the latest technology in our motion analysis lab, human performance lab and our anatomy lab. Our dedicated faculty and staff provide individualized advising and mentoring from admission through graduation to ensure student success.

10–11 A.M.

COLLEGE OF HEALTH INFORMATION SESSION

College of Health (CH) 112

Join us for an information session led by Dean Stephanie Brooks, Ph.D., where we will address the college's mission, highlight the strengths of our programs and describe how we engage within our community. Students will learn about academic opportunities, student support services,

available scholarships, including potential funding sources for research, and service activities offered at CSU. Stay for breakout sessions following the presentation for opportunities to learn more about specific majors and programs, plus hands-on activities.

11 A.M.–NOON

COLLEGE OF HEALTH TOUR

College of Health (CH) Atrium

The College of Health promotes engaged learning through hands-on experiences in the classroom. Tour our facility, complete with clinic and laboratory spaces, meet current students and learn about the incredible opportunities available to our students as they prepare for their careers as health and wellness professionals.

NOON–12:30 P.M.

MEET THE DEAN

College of Health (CH) 112

Dean Stephanie Brooks, Ph.D. would like to personally welcome all prospective students and their families! In this informal question and answer session, you'll hear directly from Dean Brooks about the exciting activities, programs and opportunities for students in the College of Health including career exploration, research experiences and professional networking opportunities.

JACK, JOSEPH AND MORTON MANDEL HONORS COLLEGE

Academically talented and intellectually curious students benefit from being part of CSU's large, diverse campus in a dynamic downtown setting while enjoying the personalized attention, small class sizes and opportunities for undergraduate research and creativity typically associated with smaller schools. Our graduates are often found pursuing advanced studies and professional programs that lead to highly successful careers.
