

## In the Name and by the Authority of THE STATE OF THE STATE OF

WHEREAS, since January 2000, at least 175 people, including students, parents, and children have died in college-related fires; and

WHEREAS, approximately 87 percent of these deaths have occurred in off-campus occupancies; and

WHEREAS, a majority of the students across the Nation live in off-campus occupancies; and

WHEREAS, a number of fatal fires have occurred in buildings where the fire safety systems have been compromised or disabled by the occupants; and

WHEREAS, automatic fire alarm systems and smoke alarms provide the necessary early warning to occupants and the fire department of a fire so that appropriate action can be taken; and

WHEREAS, automatic fire sprinkler systems are a highly effective method of controlling or extinguishing a fire in its early stages, protecting the lives of the building's occupants; and

WHEREAS, many students are living in off-campus occupancies, Greek housing, and residence halls that are not adequately protected with automatic fire sprinkler systems and automatic fire alarm systems or adequate smoke alarms; and

WHEREAS, it is recognized that fire safety education is an effective method of reducing the occurrence of fires and reducing the resulting loss of life and property damage; Whereas students are not routinely receiving effective fire safety education throughout their entire college career; and

WHEREAS, by developing a generation of fire-safe adults, future loss of life from fires can be significantly reduced.
