Cleveland State University
Bachelor of Arts in Urban Studies

The Bachelor of Arts in Urban Studies curriculum takes full advantage of its location in a major urban setting in fulfilling its commitment to urban education, research, and community service. Students pursuing the Bachelor of Arts degree program take courses and seminars dealing directly with urban problems and their solutions. The program offered through the University Partnership focuses on Public Administration, the study of leadership, management, public policy, budgeting and finance in the governmental and nonprofit sectors. The degree is excellent preparation for further study, such as graduate school or law school.

Assessment and Accreditation of Prior Learning Experience (AAPLE): Credit for Life Experience
The Maxine Goodman Levin College of Urban Affairs conducts an Assessment and Accreditation of Prior Learning Experience (AAPLE) Program which recognizes that learning takes place in settings other than the classroom and is designed to award academic credit for substantial previous learning experiences.

The AAPLE Program:
- Helps integrate life and work experience with other learning goals and educational programs
- Saves students time and money, by not forcing them to re-learn skills already acquired through life experience
- Awards between 4 and 24 credit hours, depending on the amount of experience and its relevance to a degree in Urban Affairs

In preparation for receiving this credit, students enroll in a two-credit hour course: UST 190 (Analysis of Experiential Learning in Urban Studies) This course is offered both fall and spring semesters and provides the understanding necessary to identify relevant prior learning and present evidence of competence in those areas. UST 190 will also familiarize students with the various majors in the college and assists in planning a Bachelor’s degree program.
