ITAs may teach concurrently only if registered for ESL 504. The expenses for these classes are the students’ responsibility. Tuition waivers can be used, upon department approval. If you have any questions about the courses or the procedure, please contact the ESL Program.

What to Expect at the SPEAK test

The test lasts approximately 20 minutes and there are twelve questions on the test to which you respond.

You will be asked to:

- Tell a story based on a six-picture sequence and answer a related question
- Describe a graph and answer a related question
- Respond to questions about a map, ideas and your field of study
- Take a role and give a short speech.

You will be given a few seconds to think and to prepare each response. For some questions, the preparation time is longer and in that case, you will be told how much time you have to prepare your response. Be sure to take a pencil to the test center because you will be allowed to take notes in the test book during the test. We do not recommend, however, that you attempt to write out and read your responses. You will be instructed when to begin and stop speaking. As you speak, your voice will be recorded. Be sure to speak clearly and loudly enough for your responses to be recorded. Your responses should be complete and directly related to what is being asked. Attempting to use responses you have learned or prepared ahead of time may result in lower scores.

While many of the questions may not appear to be directly connected to your academic or professional field, each question is designed to tell the raters about your oral language ability in English. Your score for the test will be based on the recorded samples of your speech. Trained raters will assign a score for each response, based on the scoring scale established for this test.
